

## **2010 Wild and Scenic Film Festival on Tour Program – Hosted By River Alliance of Wisconsin**

### **Get Up, Stand Up**

David Gonzales

Surfing in Wyoming? These guys make it look easy. Wyoming Short Film Contest Winner.  
[www.thesnaz.com](http://www.thesnaz.com)

### **Secret Life of Paper**

Mark Sugg, Loch Phillipps

Ever wonder what happens to the newspaper we read in the morning? Have you ever considered what impacts these products have on the environment, from beginning to end? INFORM's Secret Life Series is a collection of videos that highlight the environmental impacts of everyday products we all use. [www.informinc.org](http://www.informinc.org)

### **Garbage Angels**

Pierre Trudeau

What happens when trash meets trash? Could there be life in a dump? Best Canadian Short, Planet in Focus. [www.pierretrudeau.com](http://www.pierretrudeau.com)

### **A Simple Question: The Story of S.T.R.A.W.**

Kevin White, David Donnenfield

Simple hope and inspiration can be found in the Stemple Creek Watershed of Northern California. In 1992, a fourth grade class-project began what is now a remarkable program restoring over 20 miles of habitat, galvanizing the local community, and leading to significant educational innovations. [www.asimplequestion.org](http://www.asimplequestion.org), [www.bay.org](http://www.bay.org)

### **The New Species**

Evalds Lacis, Maris Putnins

An insect must engineer a daring escape for a fellow insect captured by a bug collector in this fun and expertly crafted stop-motion animation.

### **Ascending the Giants**

John Waller

You may hug a tree, but would you climb one? Join tree lovers & climbers Brian and Will as they attempt to find Oregon's largest Sitka Spruce trees. Through their eyes, from both ground and canopy views, we discover the breathtaking beauty of these beautiful giants.

## **Big River**

Curt Ellis, Aaron Woolf

The filmmakers of KING CORN are back! Curt and Ian have returned to Iowa with a new mission: to investigate the environmental impact their acre of corn has had on the people and places downstream. In a journey that extends from the American heartland to the Gulf of Mexico, the guys trade their combine for a canoe and set out to see the big world their little acre of corn has touched.
