

Policy Manager

Position Description

The River Alliance of Wisconsin, a statewide organization that empowers people to protect and restore water, seeks a manager for its active, visible and successful policy agenda. This is an opportunity to join a team of respected and effective conservation professionals on issues that resonate across a diverse network of supporters. A commitment to clean water for all, and grassroots leadership are musts.

Ideal Educational, Professional and Personal Qualifications:

- Policy analysis or policy advocacy experience; understanding of legislative process, and community/citizen organizing. Knowledge of Wisconsin water law and policy is a big advantage
- We seek a quick learner who performs well in a fast-paced environment; someone who builds strong relationships with a range of stakeholders
- Bachelors or Master's Degree in water resources management, biological sciences, public policy or communications related field

Primary responsibilities:

- Manage River Alliance's work to develop and communicate our dynamic water agenda.
- Watchdog water policy and represent River Alliance interests in legislative deliberations, regulatory processes and discussions around administrative rule changes.
- Represent the River Alliance in coalitions and collaborations with state agencies and allies.
- Participate in River Alliance functions and activities, as needed.

This position is full time and based in Madison, WI. Salary commensurate with experience. Includes a comprehensive benefits package, an energetic work environment, and the chance to associate with passionate board members, staff and advocates committed to clean fresh water.

Please submit cover letter, resume two (2) writing samples via email to info@wisconsinrivers.org. Applications may also be submitted via email to: Policy Search Committee, River Alliance of Wisconsin, 147 S. Butler St., Suite 2, Madison, WI 53703.

Application deadline is September 4, 2017. The River Alliance of Wisconsin is an equal opportunity employer.
